

# Coruna Floodlight

IP65 LED floodlight. The Coruna has an asymmetric optical system which can help reduce both light pollution (sky glow) and light trespass. Constructed from high purity aluminium casing and a satin aluminium reflector, complete with frosted tempered glass cover. They are suitable for a wide variety of flood lighting applications, ranging from small business use to large sites and car parks.

Low profile appearance

Restricted light pollution

Adjustable aiming angles

Chip on board

30,000 hours life

## Dimensions

	A (mm)	B (mm)	C (mm)
30W	245	320	75
50W	325	395	110
100W	390	478	125
200W	625	480	160

## Photometrics

## Classification of Protection

Against electric shock Class 1 protected with earthed metalwork. Against ingress of dust and moisture IP65 Technical Specification.

## Standards

The Coruna range of luminaires is designed and manufactured to meet the requirements of BSEN 60598 2-1.

## Operations

Designed for operation in an exterior environment. Ambient temperature range: -20°C to +25°C for all versions  
230V 50Hz nominal input voltage.

## Specification

IP65 LED floodlight. The Coruna has an asymmetric optical system which can help reduce both light pollution (sky glow) and light trespass. Constructed from high purity aluminium casing and a satin aluminium reflector, complete with frosted tempered glass cover. They are suitable for a wide variety of flood lighting applications, ranging from small business use to large sites and car parks.
