

HILCLARE

LIGHTING MANUFACTURER

— LED BY DESIGN —

HIGHLAND COUNCIL PRIMARY SCHOOLS AND LEISURE CENTRES GIVEN NEW LIGHT

One of the UK's leading LED lighting specialists, Hilclare, has delivered a lighting refit at a host of primary schools and leisure centres in the Scottish Highlands resulting in reduced energy consumption and significant savings.

Lighting specialists Hilclare were brought in by Highland Council to install new lighting in Dornoch Primary School, Grantown Primary School, Deshar Primary School, Ullapool Primary and High School and Avern and Loch Broom Leisure Centres.

National Sales Manager at Hilclare, Stuart Clark comments: "Working with Highland Council to provide new light to schools and leisure centres in the area has been a

fantastic project to work on. This huge reduction in power consumption will ensure that the schools and leisure centres see significant savings generated from the introduction of these lights."

Colin Gray at Highland Council said: "Hilclare certainly showed us that they were the lighting experts, the designs provided were first class and the products are high quality. We're extremely pleased with the result and delighted to be saving the primary schools and leisure centres more than 50% in costs and energy consumption."

Hilclare use the latest technology to design and specify bespoke lighting solutions and manufacture industrial and commercial luminaires of the highest quality, in a state-of-the-art UK facility.

Part of Pilot Group Infrastructure that provides sustainable energy solutions for commercial environments, Hilclare specialises in commercial lighting solutions for business, industrial and public sector settings.

From initial designs created by an in-house design team to product innovation, Hilclare offers customers a fully integrated luminaire and lighting service. With more than 35 years' experience, the company prides itself on providing expert advice and technical ability, manufacturing luminaires of the highest quality.
